- 2 **How Big EU Buyers Are Incubating Circular IT** Cuno Van Geet, *Ministry of Infrastructure and the Environment, Netherlands*
- 3 **How Changes to LEED Are Accelerating Adoption of Sustainable Materials and the Circular Economy** Jeff Frost, *Brightworks Sustainability* and Mary Ellen Mika, *Steelcase*
- 4 **How Trump's "Efficient Federal Operations" Executive Order 13834 Is Being Implemented Within Federal Purchasing** Alison Kinn Bennett, *EPA*
- 5 **Improved Tools for Quantifying the Savings & Environmental Benefits of Purchasing Sustainable IT Products** Patricia Dillon, *Green Electronics Council*
- 6 **Re-thinking Packaging & Food Service Ware: Surprising Findings from Life Cycle Assessment Studies** Jonathan Rivin, *Oregon Department of Environmental Quality*
- 7 **Regional Procurement Coordination to Boost Local Green Economy** Sarah Church, *Alameda County GSA-Sustainability*
- 8 **Setting \*Ambitious\* Supply Chain Sustainability Goals: Trends & Best Practices** Josh Nothwang and Kealy Herman, *Energy and Climate Change, WSP*
- 9 **Specifying Limits on Carbon in Concrete: How to Reduce Concrete's Significant Carbon Footprint Upwards of 50%** Karen Cook, *County of Alameda* and Chris Erickson, *Climate Earth*
- 10 **Using Procurement to Eliminate Unhealthy Persistent Chemicals from Food Service Ware** Sue Chiang, *Center for Environmental Health*
- 11 **The Increasing Importance of Supply Chain Sustainability in Investor and Lender Decision-making** Trisha Taneja, *Sustainalytics*
- 12 **The State-of-the-Art in Corporate Power Purchase Agreements** Chip Wood, *CRS*
- 13 **The Sustainable Coffee Challenge: How Procurement Can Help Coffee Become the World's First 100% Sustainable Commodity** Stephen Schulman, *Lacas Coffee* and William Linstead Goldsmith, *Fair Trade Campaigns*
- 14 **Using Materials Flow Analysis to Understand Procurement's Footprint** Rachel Perlman, *MIT Institute of Data, Systems, and Society* and Brian Goldberg, *MIT Office of Sustainability*
- 15 **Achieving Impact and Savings with an Online Behavior Change Platform** Fahmida Ahmed Bangert, *Stanford University*
- 16 **Put the 'S' in 'P2P' — Integrating supplier sustainability metrics into purchasing processes - where, when, how?** Toby Simpson, *EcoVadis*
- 17 **Biomimicry in Purchasing: What would procurement inspired by Nature look like?** Mikhail Davis, *Interface*
- 18 **Closing the Loop: How Office Furniture Remanufacturing Saves Money, Creates Jobs & Benefits the Environment** Douglas Pilgrim, *Davies Office*
- 19 **Identifying Credible Ecolabels and Standards with SPLC's SUSTAIN Program: Progress Update and Opportunity for Input** Sarah O'Brien, SPLC and Anastasia O'Rourke, *Industrial Economics Inc*
- 20 **Leveraging Procurement Data to Achieve Energy Savings and Improve Program Effectiveness in the Federal Sector** Liyang Wang and Sravan Chalasani, *Lawrence Berkeley National Laboratory*
- 21 **Supply Chain Transparency in Apparel Procurement** Tim Dombeck, *City of Austin*
- 22 **Responsible Procurement: Metrics and mechanisms to set suppliers on a path of environmental performance to manage climate, water, and deforestation impacts** George Hodge, *CDP*
- 23 **The \$100 Billion For-Benefit Procurement Pledge: Leveraging Corporate Purchasing Power to Advance the SDGs** Rebecca Holliday, *CARE*
- 24 **Tools and Metrics Used to Help Build a Best in Class Sustainability Program from the Ground Up** Denise Curtis, *AT&T*
- 25 **Opportunities for Procurement to Accelerate Clean Energy** Gerald Robinson and Molly Morabito, *Lawrence Berkeley National Laboratory*

## Innovation Accelerator Table Topics - Wednesday May 22

- 1 **Buying Green Made Easy: Block the Bad Stuff**  
Jessian Choy and Chris Geiger, *San Francisco Department of the Environment*
- 2 **Closing the Loop: How Office Furniture Remanufacturing Saves Money, Creates Jobs & Benefits the Environment**  
Douglas Pilgrim, *Davies Office*
- 3 **Cradle to Cradle: Verifying Products for the Circular Economy**  
Marisa Guber, Cradle to Cradle Products Innovation Institute and Del Hudson, *Ellen MacArthur Foundation, USA Inc.*
- 4 **Emerging Trends in How Countries Are Measuring the Impacts of Sustainable Purchasing**  
Farid Yaker, *UN Environment*
- 5 **Environmental Defense Fund's New Online Supply Chain Solutions Center**  
Matt Lyon, *Environmental Defense Fund*
- 6 **How Group Purchasing Organizations (GPOs) Can Accelerate Environmentally Preferable Purchasing: Lessons from Healthcare**  
Cristina Indiveri and Mellissa Nguyen, *Vizient*
- 7 **How Smart Procurement Can Curb Local Air Pollution from Construction-related Diesel Emissions**  
Stacey Foreman, *City of Portland, Oregon*
- 8 **How to Mobilize and Steward a Sustainable Procurement Advocate Network in Your Company**  
Lauren Zimmerman and Liana Alvarez, *ExxonMobil*
- 9 **Innovative Life Cycle Asset Management: Eliminating the Waste of Money & Resources with RFID**  
Nadine Cino, *TygaTrax*
- 10 **Institutionalizing Sustainability within an E-procurement Platform**  
Barry Zimmerman, Shawn Postera, and Lee Fleming, *Multnomah County*
- 11 **Building a Living Resource: Online Sustainable Purchasing Guides**  
Karen Hamilton, *King County, Washington*
- 12 **New Initiatives for Eliminating Worker Exposure to Toxic Chemicals in the Electronics Supply Chain**  
Clare Hobby, *TCO Development*
- 13 **Saving Jobs and Lives: Sustainable Purchasing that Includes Workers**  
Lauren Asplen, *BlueGreen Alliance*
- 14 **Social & Human Capital: A New Protocol for Measuring & Demonstrating the Impact of Companies**  
Mike Wallace, *Social & Human Capital Coalition*
- 15 **The Growing Importance of Type 1 Ecolabels**  
Bjorn-Erik Lonn, *Global Ecolabelling Network*
